FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the fee guidelines for outpatient acute care hospital services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - P12 – Workers compensation jurisdictional fee schedule adjustment
 - 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to reimbursement?

Findings

1. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Payment for this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(c).
2. Reimbursement for the disputed services is calculated as follows:
 - Procedure code G0283, date of service February 3, 2014, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per Medicare policy, when more than one unit of designated therapy services is performed on the same day, full payment is made for the first unit of the procedure with the highest practice expense. Payment for each subsequent unit is reduced by 50% of the practice expense. This procedure does not have the highest practice expense for this date. The reduced rate listed for this code in the Multiple Procedure Payment Reduction Rate File for 2014 is \$13.30. This amount divided by the Medicare conversion factor of 35.8228 and multiplied by the Division conversion factor of 55.75 yields a MAR of \$15.59
 - Procedure code 97110, date of service February 3, 2014, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per Medicare policy, when more than one unit of designated therapy services is performed on the same day, full payment is made for the first unit of the procedure with the highest practice expense. Payment for each subsequent unit is reduced by 50% of the practice expense. This procedure has the highest practice expense for this date. The rate listed for this code in the Multiple Procedure Payment Reduction Rate File for 2014 is \$30.85. Each additional unit is paid at \$23.63. The Medicare payment rate for 2 units is \$54.48. This amount divided by the Medicare conversion factor of 35.8228 and multiplied by the Division conversion factor of 55.75 yields a MAR of \$84.79
 - Procedure code G0283, date of service February 5, 2014, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per Medicare policy, when more than one unit of designated therapy services is performed on the same day, full payment is made for the first unit of the procedure with the highest practice expense. Payment for each subsequent unit is reduced by 50% of the practice expense. This procedure does not have the highest practice expense for this date. The reduced rate listed for this code in the Multiple Procedure Payment Reduction Rate File for 2014 is \$13.30. Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
